Date

## **Appletree Cottage, Bolton Abbey**

### **Design & Access Statement and Heritage Statement**

#### Current position

Appletree Cottage, also known as 2 The Green, is situated on the B6160 in Bolton Abbey village.

The exact date of construction is unknown but thought to pre-date the 1800's and there is evidence of much historic alteration and extension during the intervening years, shown in the pattern and detail of the external fabric.

Appletree Cottage is a residential dwelling currently occupied by an employee of the Bolton Abbey Estate.

The internal ground floor accommodation is minimal and in particular the kitchen is very small, approximately 5ft wall to wall and can only be used by one resident at a time. As a consequence, white goods are located in the entrance hall.

#### Proposal

It is proposed to break through the external wall of the existing kitchen and build a small lean-to extension to provide a modest improvement to the accommodation. The existing kitchen window surround will be re-used and set into the gable of the extension and the new double light window opening will be set in sawn Gritstone to mirror the existing jambs, mullions, heads and cills. New timber windows will be painted white.

The new roof will be covered with reproduction stone slates used elsewhere on the Bolton Abbey Estate and within the Yorkshire Dales National Park, with cast iron rainwater goods painted in estate colours.

Externally there will be a low, stone faced retaining wall to hold the existing garden on all three sides.
