

PLANNING (LISTED BUILDING AND CONSERVATION AREAS) ACT 1990

**YORKSHIRE DALES NATIONAL PARK AUTHORITY
(Local Planning Authority)**

**NOTICE OF DECISION OF PLANNING AUTHORITY ON APPLICATION FOR:
LISTED BUILDING CONSENT**

To: Mr S Craven
Stephen Craven Building Design Ltd

Decision No: C/55/42M/LB

The above named Authority being the Local Planning Authority for the purposes of your application received on 01/09/2017 for listed building consent for alterations to north wing to re-configure existing bedroom accommodation, install en-suites to bedrooms and form a wheelchair accessible bedroom and shower room to ground floor at North Wing, Malham Tarn House, Malham Moor, SD893672 have considered the said application and have GRANTED Listed Building Consent for the proposal subject to the following Conditions:

1. The works to which this consent relates shall be begun not later than the expiration of three years beginning with the date of this notice.
2. The works shall be carried out in accordance with the following plans and information:
 - location & block plan (drg.no.19/2017/07)
 - proposed ground floor plan (drg.no.19/2017/04)
 - proposed first floor plan (drg.no.19/2017/05)
 - proposed elevations and sections (drg.no.19/2017/06)
 - proposed roof plan (drg.no.19/2017/08)
 - Method Statement
 - Planning Statement
 - Daylight scoping and emergence survey
 - sunpipe detailreceived 01 September 2017.
3. The windows shall be timber and painted white; the doors shall be vertically boarded timber and painted maroon to match the windows and doors in the existing buildings and the stonework to the infill walling in the north elevation arched recess shall be a natural stone to match the existing building in type, coursing and external appearance.
4. The existing window surround on the north elevation lean-to shall be retained in-situ with the exception of the cill, in accordance with the proposed elevation detail shown on drg.no.19/2017/06) dated 1 September 2017.

HEAD OF DEVELOPMENT MANAGEMENT

FOR NOTES AND RIGHTS OF APPEAL SEE OVERLEAF

RIGHTS OF APPEAL- LISTED BUILDINGS

NOTES

1. No consent, permission or approval hereby given absolves the applicant from the necessity of obtaining the approval, under the Building Regulations, of the District Council in whose area the site of the proposed development is situated; or of obtaining approval under any other Bye-Laws, local Acts, orders, regulations and statutory provisions in force; and no part of the proposed development should be commenced until further approval has been obtained.
2. Attention is drawn to Section 8 (2) of the Planning (Listed Buildings and Conservation Areas) Act 1990, the effect of which is that DEMOLITION MAY NOT BE UNDERTAKEN (despite the terms of the consent granted by the Local Planning Authority) UNTIL NOTICE OF THE PROPOSAL HAS BEEN GIVEN TO HISTORIC ENGLAND ARCHITECTURAL INVESTIGATION SECTION, 37 Tanner Row, York, YO1 6WP, (using Form Stat E) and they have subsequently have either been given reasonable access to the building for at least one month following grant of consent, or have stated that they have completed their record of the building or that they do not wish to record it.
3.
 - (1) If the applicant is aggrieved by the decision of the Local Planning Authority to refuse Listed Building Consent for the proposed works or to grant consent subject to conditions, they may, by notice served within 6 months of the date of this notice, appeal to the Secretary of State for the Environment (The Planning Inspectorate) in accordance with Section 20 of the Planning (Listed Buildings and Conservation Areas) Act 1990. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and they will exercise their power in cases where they are satisfied that the applicant has deferred the giving of notice because negotiations with the Local Planning Authority in regard to the proposed works are in progress.
 - (2) If Listed Building Consent is refused, or granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which have been or would be permitted, he may serve on the Local Planning Authority a Listed Building Purchase Notice requiring that council to purchase his interest in the land in accordance with the provisions of Chapter III of the Planning (Listed Buildings and Conservation Areas) Act 1990.
 - (3) In certain circumstances, a claim may be made against the Local Planning Authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference of the application to him/her. The circumstances in which such compensation is payable are set out in Chapter III of the Planning (Listed Buildings and Conservation Areas) Act 1990.

If you wish to exercise your right of appeal as mentioned above, you can do so online at: <https://www.gov.uk/planning-inspectorate>. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Inspectorate will publish details of your appeal on the internet (on the Appeals area of the Planning Portal). This may include a copy of the original planning application form and relevant supporting documents supplied to the local authority by you or your agent, together with the completed appeal form and information you submit to the Planning Inspectorate. Please ensure that you only provide information, including personal information belonging to you that you are happy will be made available to others in this way. If you supply personal information belonging to a third party please ensure you have their permission to do so. More detailed information about data protection and privacy matters is available on the Planning Portal.

Continuation Sheet 1

C/55/42M/LB

5. For the avoidance of doubt and to accord with the requirements of the bat daylight scoping and bat emergence survey dated 1 September 2017:
 1. Works must not take place either between 1 May to 31 August or 1 December to 1 March,
 2. A tool-box talk should be given to contractors by a bat ecologist to explain what is to be done in the event of bats being discovered during works,
 3. A supervising ecologist must be present during removal of any roofing materials, if this is to take place,
 4. Prior to the start of works a hibernation box will be installed nearby should any bats be disturbed and require a safe refuge.

Reason(s):

1. To comply with the requirements of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990 (as amended by section 51 (4) of the Planning and Compulsory Purchase Act 2004)
2. To define the plans and information that relate to this permission.
- 3, 4. In the interests of visual amenity in accordance with policies SP4 and L1 of the Yorkshire Dales Local Plan (2015-2030).
5. In the interests of species protection in accordance with policy W1 of the Yorkshire Dales Local Plan (2015-2030).

NOTE:-

No consent, permission or approval hereby given absolves the applicant from the necessity of obtaining the approval, under the Building Regulations, of the District Council in whose area the site of the proposed Development is situated; or of obtaining approval under any other Bye-Laws, local Acts, orders, regulations and statutory provisions in force; and no part of the proposed development should be commenced until such further approval has been obtained.

OFFICERS' OBSERVATIONS

PROCEDURAL

The application has been publicised by: site notice dated 11th September 2017. There are no neighbouring properties so no neighbours were consulted.

The proposal was not amended from the original.

KEY ISSUES

(a) Principle of development: The proposal is for external and internal alterations to 'North Wing' next to and in the grounds of a grade II listed building known as Tarn House. 'North Wing' is a former

stables and coach house constructed in the C19th and is now used for classrooms and student accommodation. 'North Wing' is associated with Tarn House, however while it is not excluded from the list description it is referred to as "not of special interest". Nonetheless the proposal should be considered under Heritage Asset legislation and policies.

The main consideration of this proposal is the impact of the proposed works on the significance of the historic asset. Sections 16 and 66 of the Town & Country Listed Building & Conservation Areas Act 1990 requires that the local planning authority has special regard to the desirability of preserving the building or its setting or any features of special architectural or historic interest which it possesses. Paragraphs 128 – 133 of the National Planning Policy Framework set out the government's advice in relation to the assessment of the significance of heritage assets, and the impact any works may have on this significance.

Policy L1 of the Yorkshire Dales Local Plan (2015-2030). This permits development proposals provided they conserve or enhance the significance of the heritage asset concerned. Significance can derive from the building itself, but can also derive from its setting.

The listed building consent proposal is for internal alterations and minor external alterations to the building in order to provide en-suite shower rooms to bedrooms and a ground floor wheelchair accessible bedroom with en-suite shower room. The proposal comprises:

External:

- the insertion of two sun-pipes in the northern facing roofslope (facing away from Tarn House towards the rising woodland);
- the removal of a glazed screen and door from the recessed entrance on the southern elevation (facing the courtyard with Tarn House), and replacement with walling plus timber door and window;
- the breaking out below the existing window cill on the northern elevation lean-to (which is currently obscured by a notice board), in order to form a timber doorway.

The ground floor elements of these proposals are to improve the accommodation for less able-bodied users.

Internal:

- removal of suspended ceilings and asbestos and replacement of suspended ceilings;
- all pine boarding to walls and fibre board ceilings removed and replaced with insulated plasterboard;
- accommodate en-suites in all first floor rooms;
- updating of doors, casings and architraves and skirting boards;
- updated central heating system.

The two sun-pipes would not be seen from wider vantage points and do not impact upon the setting of Tarn House. The glazed screen on the southern elevation is a modern and unattractive intervention so the walling up and provision of door and window would be a visual enhancement. This would be deeply recessed behind an existing stone arch which contributes to the setting of Tarn House, and this will not be altered. The timber doorway to be formed in the existing window opening will also conserve the character and significance of the heritage asset; the existing stone window surround would be retained in a manner to allow the opening to be read as a former window, and the existing noticeboard would be removed thus revealing an existing opening. The timber boarding detailing would be sympathetic to the overall building detailing.

The internal works relate to modern interventions of mid to late C20th so there is little evidence of the original layout.

The Senior Listed Buildings Officer has raised no objections or comments about the proposals.

Overall the proposal will have no harmful effect on the setting of the grade II listed Tarn House; they are minimal interventions that in general improve the appearance of the building. Where there is very minor harm with regards to the insertion of the sun-pipes, these are sited sympathetically so as to have no harmful impact upon the setting of Tarn House and wider views towards the site.

The proposal is therefore considered to comply with policies L1, SP1 and SP4 of the Yorkshire Dales Local Plan (2015-2030), the Yorkshire Dales Design Guide (with regards to window, door and walling detail and sensitive siting of the sun-pipes), and paragraphs 128 - 133 of the NPPF.

(b) Impact on protected species: Bats are a Protected Species by virtue of the EU Habitats Directive and the Conservation of Habitats and Species Regulations 2010. Regulation 9 of the Regulations

provides that the local planning authority in the exercise of their functions shall have regard to the requirement of the Habitats Directive. The application has been supported by a protected species scoping and emergence survey, which highlights the importance of 'North Wing' as a maternity roost for two species of Pipistrelle bat. As there is likely to be some level of disturbance to the roof void, the Authority's Wildlife and Conservation Officer advises that it is important that the works are carried out in such a way as to minimise risks to bat colonies by way of a condition, which is included on the draft decision notice. On the basis of compliance with the condition, the proposal accords with policy W1 of the Yorkshire Dales Local Plan (2015-2030).

ANALYSIS OF MATERIAL CONSIDERATIONS

Given the minor alterations involved and their sensitive treatment and siting, the proposal is considered to be acceptable having regard to sections 16 and 66 of the Town & Country Listed Building & Conservation Areas Act 1990, paragraphs 128 – 133 of the NPPF and policies L1, SP4 and W1 of the Yorkshire Dales Local Plan (2015-2030), and the Yorkshire Dales Design Guide.

Recommendation

It is recommended that listed building consent is granted subject to conditions.

Determination of this application is within powers delegated to Officers by virtue of the Authority's Scheme of Delegation and Committee Terms of Reference January 2015 (section C7).
