Heritage Statement

The proposal is to re-roof a section of Wheelwright Cottage, where the slates are old and damaged and water ingress is occurring. This part of the roof is 150-200 years old and leaks in various places.

The proposed work will consist of replacing existing slates and battons, my builder tells me the beams are fine. Hopefully we will be able replace with Indian slate.

I look forward to your reply as I would like to have the work done before winter.
